PROFILE

18 years in commercial roles, 11 leading growth since 2015. Growth leader who owns the whole revenue engine: positioning and offer, pricing, channels, the funnel, lifecycle and retention, and the reporting that ties spend to revenue. I have led **25+ growth and go-to-market blueprints** for SaaS, travel tech, manufacturing and services companies in the UK, US and South Africa, several of which became **fractional leadership roles**, two of them running about three years. Earlier, I managed **Microsoft's MSN and Skype advertising portfolio for Africa and the Middle East ($1.5M a month)** at Mediamark. I have hired and led teams throughout: a 10-person agency team across sales, design, development and media, and sales teams of up to 20 that I hired and trained into a national top 5.

I have also built two brands of my own from zero to R900,000+ in sales each, so I think in contribution margin, not vanity metrics. I diagnose from data first, then build hands-on: experiments, paid media, CRM, automation and AI agents. I am winding down my consulting practice to give one full-time remote leadership role my full attention.

KEY RESULTS

- **Cost per conversion cut 75%** (£69 to £16) on LinkedIn for a UK B2B services client, with 43 conversions in 30 days.
- **Record month of R136,000 at 3.6x blended ROAS** after rebuilding an owned brand's Meta account, measured against store revenue rather than platform-reported figures.
- **Lead-to-quote system for a travel franchise:** quote preparation cut from about an hour to **2 minutes** and every lead answered in **under a minute**; 230 enquiries became 219 quotes in 30 days and 6 bookings worth R322,000, at about R32 per lead.
- **Outbound for a travel-tech SaaS (AeroCRS):** 60% reply rate, with 54% of replies booking a demo.
- **20 more sales qualified leads a week** at 20% conversion from LinkedIn outbound for an investment group, a 50% increase in two months; investor events drew 550+ registrations.

EXPERIENCE

FOUNDER-DIRECTOR, HEAD OF GROWTH

Jan 2015 - Present

JCE Media (Duel Digital (Pty) Ltd), Johannesburg | Growth consultancy, plus owned brands

2015 to 2020, as Duel Digital: built and led an in-house agency team of 10 (four salespeople, a designer, a developer, a media buyer, a social media manager and an executive assistant), hired every role myself, designed the sales comp plans and set the team's SLAs. We ran marketing for 40+ SMB accounts, managed **R300,000 a month in Google and Facebook ad spend**, built **400+ websites** and ran in-store activations and competitions. **2020 onwards, as JCE Media:** when Covid hit, pivoted from agency to consultancy for international clients in B2B SaaS, travel tech, manufacturing, proptech, services and eCommerce (UK, US, South Africa), with a core team of an operations lead and a sales partner, plus specialist contractors.

- Created the **Seven Figure Blueprint**, a productised three-week strategy engagement (three workshops: diagnostic, ICPs, revenue leak map, offer and pricing, channel plan, money model, 90-day plan), and ran it for **25+ companies** including AeroCRS, WorldTicket, Ensinger UK and Club 720.
- Demand generation results for clients: **550+ registrations and 300 attendees** for investor events in China, New York and South Africa; **435 summit registrations** from 8,600 emails; **949 leads in 60 days at $4.78**.
- Added a **RevOps layer** to the method in 2026: maturity scoring, lead-to-revenue SLAs, sales velocity, cost-of-poor-quality costing and a quarterly operating cadence.
- Designed **CRM and lifecycle architecture** in GoHighLevel: a six-location US salon group (location segments, tour-to-lease stages, 22-email nurture), a travel franchise's WhatsApp bot and stage-triggered follow-up, and review and booking automation for hospitality clients.
- Implemented and ran **CRMs across Pipedrive, HubSpot and Zoho**: as fractional Head of Marketing Operations for Dynamic Language (translation, 200+ languages), built their Pipedrive CRM and lifted **MQL to SQL conversion 35%**; built HubSpot pipelines and reporting for Outbound Investment Group, whose LinkedIn outbound added **20 SQLs a week** at 20% conversion (+50% in two months); optimised Zoho CRM for Adept Cloud (UK); built Salesforce integrations and pulled Salesforce pipeline data into several blueprints.
- Built a **production paid-membership platform** for a four-venue pub group (Supabase, role-based access, append-only ledger, rotating redemption codes).
- Wrote the **SOPs and playbooks** that run sales and delivery: sales script, ABM outreach, cold email and follow-up, client onboarding and email campaigns.
- Ran **data diagnostics**: a five-year cohort analysis (1,184 orders) showed new-customer 90-day repeat rate falling from 38.7% to 12.3%, a R113,000-a-year leak, and set the retention fixes for the relaunch.

- Built the business's own **operating system**: action board, waiting-on register, contribution scoreboard and 25+ AI agent workflows (Claude Code, Make.com).

REVIEWTAP *| Review-collection hardware and software (owned brand) | 2024 - Present*

- Built the go-to-market from zero: positioning, pricing and a volume ladder, Shopify store, paid acquisition, CRM follow-up and onboarding. **R930,000+ revenue in its first 18 months**.
- Rebuilt the Meta account into prospecting, retargeting and creative testing: **record month of R136,000 at 3.6x blended ROAS**, measured against store revenue rather than the 2.05x the platform reported.
- Mined order history and found 14+ franchise groups buying single units at retail; built a multi-site account programme and outbound that opened with each group's own order data (2 meetings and 1 yes from the first 9 contacts).

MYFOREVERBABY *| Consumer eCommerce (owned brand) | 2025 - Present*

- **R919,000 gross sales in the first 14 months**, peak month R172,000, owning P&L, contribution margin and stock planning.
- Ran a controlled ad audit against first-touch store data: simple ads cost R809 per purchase at 4.35x ROAS against R1,059 at 2.23x for automated variants, and reset the account on that finding.

FRACTIONAL HEAD OF DIGITAL MARKETING

Jun 2022 - Nov 2025

Ensinger UK (engineering plastics manufacturer), via JCE Media | Remote

- Turned a 2022 Seven Figure Blueprint into a three-year role running digital for Ensinger, Elekem and Insulbar, reporting to the MD.
- Lifted contact actions **53%** (Contact Us clicks up 61%, enquiry forms up 20%) through LinkedIn and Google Search.
- Split-tested LinkedIn video ads: **CTR from 1.09% to 2.0%**, **cost per result from £2.50 to £1.30**.
- Built ABM outbound in Lemlist (1,240 invites, 5.5% reply rate), grew LinkedIn followers 32% and engagement 58% in a year, set up GA4 and Tag Manager, and handed the function in-house in Nov 2025.

FRACTIONAL HEAD OF MARKETING

Jun 2022 - Mar 2025

Club 720 and Your Housing Resource (US homeownership platform), via JCE Media | Remote

- Began with a Seven Figure Blueprint, then led growth across paid search and social, email, webinars and partner outreach.
- Reached **1,717 active users and 69 home buyer applications** in a 30-day period, with paid search driving most new users.

PORTFOLIO MANAGER, MICROSOFT MSN AND SKYPE

Jan 2012 - Dec 2014

Mediamark (media sales house) | Africa and Middle East

- Managed Microsoft's MSN and Skype advertising portfolio for Africa and the Middle East, **worth $1.5M a month**, as commercial lead for advertisers and their agencies; grew **net revenue retention from existing clients year on year** through annual account plans.
- Sold and managed campaigns for Vodacom, Unilever, Standard Bank, Absa, Outsurance and First for Women through Omnicom and GroupM, including the **Vodacom Durban July (R5M+)**.
- Ran cross-platform campaigns that extended beyond digital to radio (Gagasi FM, Jacaranda FM, East Coast Radio), and was part of the launch of **Adfu**, Mediamark's programmatic media platform.
- Won the Hard Drive Award for top performer **five months in a row**.

SALES MANAGER

Jan 2009 - Dec 2011

Planet Fitness, Craighall and Rosebank, Johannesburg

- Hired, trained and led sales teams of up to 20 consultants across two clubs, with a structured sales process, territory planning, forecasting and pipeline discipline; both clubs hit their sales targets consistently and ranked among the **top 5 clubs in the country**.

SKILLS

GROWTH AND REVENUE:	go-to-market strategy, ICP and positioning, offer design, pricing and packaging, demand generation, paid acquisition (Google, Meta, LinkedIn), outbound and ABM, experimentation and creative testing, CRO, lifecycle and retention, P&L and contribution margin, CRM and lifecycle architecture, attribution, RevOps diagnostics (SLAs, velocity, LTV:CAC, cost of poor quality), team and agency leadership.
